A PORTION of the miners in Luzerne county are on a strike.

COL. ROBERTS says he has made his last speech; which, being interpreted, means his wing of the Fenian host has retired from business.

THE President appended to Judge Stansbury's nomination an intimation that his confirmation was desirable as a means of bringing Jeff. Davis to immediate trial at Nashville.

A REPORT reaches us through private sources that the Erie Railway is likely to pass into the hands of the Atlantic and Great Western people. We do not vouch for its accuracy.

AMONG the incidents indicating an effectual restoration of the Union may be taken the fraternization progressing among the Free Masons, the Odd Fellows, and the Methodist, Baptist, and Presbyterian churches.

IN consideration of the existence of the cholera in the lower bay at New York, an organization has been formed in that city looking to a diffusion of the disease, and the gratuitous dispensation of medicines to such as may be unable to provide for themselves.

MR. A. H. STEPHENS declaims earnestly at what he holds to be the oppression of excluding white rebels from political power. Yet he does not see any oppression in the exclusion, by himself and friends, of four millions of loyal black people from political rights. Don't he understand the rule of Common Law, that they who demand equity must do equity?

THE Wilkesbarre *Times* states that a railroad route is being surveyed from that borough over to Hawley, there to connect with the branch leading to the Erie Railway at Lackawaxen. This is to be a coal road, the cars taking the Newburg branch at Chester. From Newburg a road will be built up to Albany. A bridge is now constructing at the latter point, furnishing facilities for running coal into the eastern States.

"I Don't Want
To do to any other place," said a little girl, of four years, to her mother the other day, "Dr. Sill divs laffey das, and no pain; I want to go to him." The mother went with her child to the Doctor, 246 Penn street, where four very bad teeth were extracted without the slightest pain, and both mother and child felt highly delighted. The Doctor has made his establishment very attractive, and is doing a large business, owing to the purity of the gas he gives and the great satisfaction rendered in everything he does. The people can find him at the white house, 246 Penn street.

An Error Corrected.
Most practitioners and medicine makers, in preparing pulmonary medicines, use ingredients which must be prescribed "not oftner than three or four times per day;" the proper treatment in such cases is to employ a medicine that is safe to use every fifteen minutes—the directions for cough medicines should be "little and often." It is the throat, not the stomach, that requires treatment—this is the secret of the success of Coe's Cough Balsam. Take it, "little and often." In a very short time it has become immensely popular.

Sole agent for Pittsburgh, wholesale and retail, is Joseph Fleming, druggist, No. 84, Market street.

Take Time by the Forelock.
The miasma which generates epidemic fevers is now rising in clouds under the blazing beams of the dog-day sun. Every living body as well as refuse animal and vegetable matter emits unwholesome vapors, and in crowded cities and the dense assemblages which business and pleasure call together, the elements of disease are evolved. The pressure upon every vital organ is never so great as in the second and third months of summer, and common sense teaches us that these organs require to be reinforced to meet it.

We hold our lives, so to speak, on a *repairing lease*, and this is the season when the process of dilapidation is most rapid and repairs are most required. Therefore build up, prop and sustain the powers of nature with that mighty vegetable recuperant, Hostetter's Bitters. He who takes it may be said to clothe himself in sanitary mail, against which epidemic disease will hurl its poisoned shafts in vain. This is no gratuitous assertion, but a great *medical fact*, attested by twelve years' experience in every climate of the habitable globe. Extremes of temperature always disturb the functions of the stomach, the bowels, the liver and the skin. It is through these that the most dangerous maladies assail us. Tone them in advance with Hostetter's Bitters, and defy heat and malaria.

Hostetter's Bitters
Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 84 Market street, corner of the Diamond and Market, near Fourth street.

Costiveness, or Habitual Constipation.
From these afflictions arise many of the ailings of man. We hear daily, people complain of headache, nervous debility, etc., and generally the cause of the complaint can be traced to their constipated habits. A remedy for the cure of this trouble is what they want. We recommend Dr. Roback's Sugar Coated Pills as the best remedy we know of. They contain no mercury, or other mineral poison, and act like a charm on the liver and intestines. Give them a trial.

THE LATEST NEWS BY TELEGRAPH.

Accident to Steamer State of Maine—Full Particulars.

NEW YORK, April 20.—The Old Colony, Captain Brown, which left Newport last evening at nine o'clock, arrived here at half-past nine o'clock this morning, having on board her usual number of passengers from Boston, and also one hundred and fifty passengers taken from the Steamer State of Maine at midnight, in Long Island Sound, off Bartlett's Reef. The following facts were obtained from Captain Borden, of the State of Maine, also from Henry L. Bacon, clerk of the steamer, and T. M. Turner, conductor of the New London and Worcester line.

From the statement of Captain Borden, it appears that on the trip from New York to New London, on Thursday night, when within three miles of New London the steamer State of Maine ran on the rocks at Eastern Point, going on, however, so easily, that even the passengers on board knew nothing of the fact until after she had laid there nearly an hour. The rock at the place where she struck is quite shelving and apparently no great damage was received. After laying there for about two hours, the steam ferry boat plying across the river from New London, pulled the steamer off, and she landed her eastwardly bound passengers at New London.

On examination, Capt. Borden found the steamer was leaking slightly, from the fact that her forefoot was split about three feet below the water line. Canvass was placed over the leak outwards, and other measures taken to prevent any further leakage while laying at her dock during the day. On Friday, the leak was hardly perceptible, so slight did it appear that Captain Borden did not think it necessary to take any further steps at repairing until after he should have arrived at New York. On the arrival of the Boston train at New London, the passengers went on board, and the State of Maine left at about 10:30 for New York.

After being out an hour from New London, it was found that the steamer was making water considerably fast, and the steam pumps were put to work. Some eighteen inches of water was then in her hold. After an examination, Captain Borden deemed it best to stop and await the passage of some one of the Sound boats to whom to transfer his passengers.

The steamer Old Colony, of the New York line, soon after was signalled by rockets, and hauled along side, at the request of Captain Borden. Captain Brown, of the Old Colony, had everything in readiness, and very promptly took every measure prompted by the anticipation of what might prove to be a serious matter. On board of the State of Maine there were one hundred and fifty passengers on the clerk's list, including some thirty ladies and some ten or twelve infants and children. At the time of parting with the State of Maine there was but four inches of water in her, and it was found that while laying still the leak was hardly perceptible. Captain Borden decided to follow on to this city under easy steam.

Late Washington News.

NEW YORK, April 20.—The *Tribune's* Washington special says: The Senate Committee on Commerce to-day agreed to report in favor of E. T. Parker, as Surveyor of the port of New Orleans, and to reject Elmore as Collector of Mobile, on account of his participation in the rebellion.

All payments of naval prize money on lists upon which no sums have yet been paid, have been suspended for the present, until certain rules for their payment shall be determined upon by the decision of the Supreme Court, before which several prize cases are now pending.

The concurring testimony of the custom officers stationed on the Canada frontier, shows that notwithstanding the predictions of many, smuggling operations have decreased since the termination of the Reciprocity treaty.

The *World's* special says: The Ways and Means Committee have finally overcome the obstacles which presented themselves relative to imposing a tax of five per cent. on cotton. The bill was agreed upon to-day and will be reported as soon as it can be arranged. The difficulty has been in regard to collecting the tax, but this in the minds of the Committee has been obviated.

The General Tax Bill with all its reductions and modifications, will not be ready to report before the first of next week. It is a very elaborate bill, and has cost the Committee a vast deal of time and trouble, and it is made as near perfect as such a measure can be.

Suicide of an Army Officer.

NEW YORK, April 20.—The *Times'* Washington special says: Yesterday morning an officer, apparently of the staff of the Veteran Reserve Corps, entered a gun shop on Pennsylvania Avenue, near Twelfth street, and asked to see a pistol, saying that he wanted to purchase one. The youth attending the shop showed him a large revolver, which was loaded, and notified him that it was loaded. The officer took it from the counter, and placing his thumb on the trigger, and the muzzle at his mouth, fired and fell dead instantly. The body has been identified by several gentlemen as that of Louis Ahrens, Veteran Reserve Corps of the Freedmen's Bureau, and attached to General Howard's staff. He was a native of Hungary, and it is stated that he was of noble family. He was recently on duty in North Carolina, and leaves a wife in Michigan. No one is able to assign any reason for the act, but his friends say that for several days he has threatened suicide.

Relief for Destitute Alabamians.

CINCINNATI, April 20.—An appeal was made during 'Change to-day by the President in behalf of the suffering people in Alabama and Georgia. The Chamber of Commerce appropriated thirteen hundred dollars out of its funds, and about seven hundred dollars additional was subscribed in a few minutes afterwards. Provisions will be purchased at once, and forwarded free to the sufferers. It is expected that eight or ten thousand dollars will be collected within the next forty-eight hours. A telegram from Major General Thomas, commanding at Nashville, fully corroborates the report given of the sufferings in Northern Georgia and Alabama.

From British West Indies.

NEW YORK, April 20.—From the British West Indies we have advices from Antigua, March 24th, and from Hamilton, Bermuda, April 10. The vessels of the English North American and West India squadron were in active motion to and from Halifax and the islands. Ships are expected from England with moneys and war supplies.

OIL FIRE AT SHAFFER, PA.

One Thousand Barrels of Oil and Several Cars Burnt.

THE INCENDIARIES DISCHARGED TEAMSTERS.

They Mob the Watchman and Rekindle the Fire.

SHAFFER, PA., April 20.—The tanks of Henry, Haley & Co., at this point, which receive oil from Bennehoff Run, two miles distant, by pipes, were set on fire at three o'clock on the morning of the 18th, but through the courage and industry of the employees all but two out of the seven tanks were saved. Four of the Oil Creek cars, with two loaded tanks on each, were destroyed, together with the pipes, platform, and eight hundred barrels partly filled with oil, belonging to various parties. About one thousand barrels were burned on this occasion.

This forenoon at 11 o'clock, an armed mob, estimated by the watchman at from twenty-five to two hundred, emerged from the thickets surrounding the tanks, and ordered the watchman to leave instantly. The latter hesitating, the mob rushed forward, yelling and firing rapidly with revolvers. The watchman fled, after firing a few times in return. The incendiary mob then applied the match and stood guard until the conflagration was under full headway, defying any one to attempt to put out the fire. The regular watch of three men was increased after the first fire to seven, and were always fully armed. It was generally believed, as threats had been frequently made, that the tank would be burned. The second fire destroyed all of the Company's property. The entire village of Shaffer was in imminent danger. The Company are insured. Teamsters who are out of work are known to be the guilty parties. The property will be replaced and put in working order in two or three days. No lives are reported lost, but it is said that one or two of the mob were wounded.

BOUNTY JUMPING FRAUDS.

SESSION ON THE REVENUE LAW.

Prolongation of Congress.

CHARGES AGAINST DAVIS AND CLAY.

Storage of Nitro-Glycerine Prohibited

&c., &c., &c.

NEW YORK, April 20.—The *Tribune's* Washington special says: Detective Baker has made a very voluminous report in reference to the bounty jumping frauds perpetrated under the calls for troops. He traces the jumpers from the time of being sworn in until their reaching the field. He shows that of the five hundred thousand men called out and sworn in by the Government, only one hundred and sixty-eight thousand reached the field as soldiers, although thousands of others received their bounties. This wholesale system of fraud is shown to have been perpetrated in nearly every loyal State.

The *Commercial's* Washington special says the House Committee of Ways and Means had another stormy session this morning on licenses. They will probably have to make majority and minority reports on this and other portions of the revenue law.

Members of Congress are quietly going home on brief visits which indicate a desire to prolong the session.

The House Judiciary Committee are investigating the charges against Jeff. Davis and C. C. Clay, of complicity in the assassination.

There has been no communication to-day between this city and the steamship Virginia, the vessel which arrived at this port on Wednesday evening from Liverpool, with cholera among her passengers, and no facts of great importance in addition to those published yesterday can be reported.

Three hundred pounds of nitro glycerine arrived in this city from Hamburg about a week ago. At that time the authorities did not know the dangerous nature of the article and it was placed in a public store. The matter having been brought to the attention of Surveyor Wakeman and Fire Marshal Baker, both of these gentlemen began an investigation which to-day resulted in the removal of the dangerous oil from the city. It has been placed in a safe magazine at a place where there is no possibility of an explosion destroying life or injuring property. In future no nitro glycerine will be admitted to any of the public stores.

PRESIDENTIAL PARDONS.

Follett-Delano Contested Case.

WASHINGTON, April 20.—The President has pardoned the following named criminals:

John G. Harris, of Kentucky, convicted of violation of the Internal Revenue laws, and sentenced to pay a fine of $500.

Horace L. Jones, of Michigan, convicted of embezzling from the mails, and sentenced to one year's imprisonment.

Wallace W. Whittlesey, of the District of Columbia, convicted of abstracting public records from the Treasury Department, and sentenced to pay a fine of $1,000, and stand committed until paid. Whittlesey has been in confinement about eight months and is now pardoned because his health has become so much impaired as to endanger his life.

George Warren Townsend, of Massachusetts, convicted of attempting fraud on the purchasement division of the Provost Marshal's office, and who was sentenced to three years imprisonment.

The Committee on Elections will on Monday take up the case from Ohio, of Follett against Delano, the sitting member.

It is understood the Secretary of the Treasury has under consideration the subject of issuing proposals for a new five per cent. loan.

SOUTH AMERICAN ADVICES.

American Steamer Reported Seized.

NEW YORK, April 20.—Advices from South Mexico state the Spanish frigates Blanca and Numancia, iron clad, were driven out of the channel La Bildad by the Chilian sharp shooters, whose fire they were unable to return.

There is considerable talk about the coming bombardment of Valparaiso, and about the disorganization and mutiny among the crews of the Spanish squadron.

The American steamer Uncle Sam is reported seized by the Spanish squadron at Valparaiso.

From New Orleans—The Races—Cotton Prospects—The Country Flooded.

NEW ORLEANS, April 20.—The first race for $5,000, mile heats, was won by Lewis Smith—time, 1:52½, and 1:55½. The second race for $800, mile heats, was won by a small nag—time, 1:56¾ and 1:58¼.

The Methodist Conference set apart the Africans a separate diocese. They are to be accountable to the mother church until they have bishops of their own.

It is estimated that only three thousand bales of cotton remain up Trinity river, Texas. The old crop is nearly cleared out. The cotton in Texas and Louisiana is unaffected by rain and frost and looks well.

The crevasse in Baton Rouge is increasing. The country looks like an ocean.

The press is very severe on the levee commissioners.

Bills Approved by the President.

WASHINGTON, April 20.—The President has approved the bill authorizing him to transfer a gunboat to the Government of the Republic of Liberia, which is to pay for the vessel. Also, the joint resolution protesting against pardons, by foreign governments, of persons convicted of infamous crimes, on condition of their emigration to the United States. Also, the bill to reimburse the State of Missouri for money expended for the United States in enrolling, equipping and provisioning the militia forces to aid in suppressing the rebellion. The sum of $6,716,000 is appropriated for the purpose.

The President has recognized Moritz Vanbaumbach as Vice Consul of Aldenburg, at Milwaukee, and as Vice Consul of Bavaria, at the same city.

The Bruner Fraud Trial.

LOUISVILLE, April 20.—The trial of H. Bruner formerly superintendent of the Government corrals, is still progressing at Nashville. He is charged with conspiracy with other parties, principally contractors, in defrauding the Government, by causing false sub-vouchers to be issued to them, upon which the said contractors were enabled to get pay for mules which they never delivered. The principle Government witness is W. M'Kay Hoge, who acknowledges issuing the false vouchers, and who has been released to testify against others. The parties accused charge that Hoge is testifying falsely, in order to convict them and save himself from punishment, after having attempted extortion and failed.

The French Defeat at Mazatlan.

NEW YORK, April 20.—Passengers who left San Francisco on the 30th ult., give further particulars of the collision between the Liberals and the French troops who marched out of the city to give the Liberals battle. The fighting was very severe, no prisoners being taken on either side. The officer in command of the French was killed. The last advices from the seat of war state that reinforcements are en route for the French at Mazatlan.

The military situation at Acapulco remained unchanged. The United States gunboat Saranac was lying in the harbor on the 6th.

Coal Trade Suspended.

PHILADELPHIA, April 20.—The coal trade at Richmond, Pa., is suspended in consequence of the determination of the laborers to resist any reduction of wages. No disturbance has yet occurred.

Car Drivers' Strike at an End.

NEW YORK, April 20.—The strike of the car drivers is ended. They are to receive two dollars for ten hours service.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, April 20, 1866.

SENATE.

Mr. Wilson called up the joint resolution providing that the President of the United States be requested to procure three valuable gold medals with suitable devices, one to be presented to Captain Creighton, of the ship Three Bells, of Glasgow; one to Captain Low, of the bark Kilby, of Boston; and one to Capt. Stouffer, of the ship Antarctic, with ceremonials of national gratitude for their gallant conduct in rescuing about five hundred Americans from the wreck of the steamship San Francisco, and that the cost of the same be paid out of any money in the Treasury not otherwise appropriated.

Mr. Johnston, of Maryland, offered an amendment appropriating $50,000 to be distributed among the officers and crew of the vessels. The amendment was agreed to, and the resolution was passed.

The bill in relation to the habeas corpus was taken up. The pending question was an amendment of Mr. Edmunds to exempt from indemnification unlawful acts committed by army officers in states where the habeas corpus was not suspended. The amendment was lost by yeas, 101; nays, 29.

Mr. Howard asked that the Committee on the Pacific Railroad be discharged from the further consideration of a bill to aid in the construction of the Southern branch of the Pacific Railroad, on the ground that the Committee are of the opinion that no further pecuniary obligations ought to be assumed by the Government to aid in the construction of the branches of the Union Pacific Railroad. The Committee was discharged as requested.

Mr. Howard, from the same committee, reported a joint resolution to extend the time for the completion of the first twenty miles of the Western Pacific Railroad to the first of January 1867, which was passed.

The Habeas Corpus bill was passed, yeas 30, nays 4.

Mr. Clark moved that when the Senate adjourn it be to meet on Monday.

The Senate then adjourned at 5:30 P. M.

HOUSE.

The first business in order, to-day being Friday, was the call of the Committees for reports of a private nature.

Mr. Ward, from the Committee on Claims, reported a bill giving to Ishmael Davis, of Baltimore county, Md., an annuity of $421.50, as a recognition of his heroism in defending the national flag from Gilmore's rebel raiders, on the 12th of July, 1864, and for his loss of property on that occasion. According to the report, which was read, Mr. Davis is a patriarchal patriot, seventy-four years of age, and when two of Gilmore's raiders attempted to haul down the national flag over his dwelling, he shot one of them dead and put the other to flight. The consequence was that his property was destroyed by a large party of rebels.

Mr. Ward made an appeal to the House in support of the bill.

Mr. Upson wanted to know upon what principles of law the bill could be sustained.

Mr. Ward replied: Oh, it is on the great principle that we sustain every man who sustains the flag; in that way. [Several members here exclaimed: "good! you are right!"]

Mr. Delano, Chairman of the Committee explained the question. He said the rule of the Committee was to respect all claims for damages the result of the ravages of war. Ishmael Day was a loser to the amount of seven or eight thousand dollars, but the Committee felt it could do nothing to compensate him for that loss; still the circumstances were so peculiar, the act so noble, that the Committee agreed to submit to the House the question of giving to the old man for the few remaining years of his life, in the last of which he exhibited this high degree of gallantry and patriotism, a small pension of four hundred dollars a year. If it was too much the House might reduce it.

Mr. Washburne, of Illinois—We understand from the reading of the report that the bill was put upon the ground of the loss of property.

Mr. Delano said he knew that the question had not been understood, and therefore he had made the explanation.

The question was then taken on the passage of the bill, which resulted as follows: Yeas, 105, nays 18—so the bill was passed.

Mr. Delano, from the Committee on Claims, reported a joint resolution authorizing the remission to John Wells & Son, of Baltimore, Md., of so much of the penalty incurred by them by reason of their failure to comply with their contract of the 4th of October, 1861, for repairing the steamer City of Albany, as may be covered by the actual loss of the Government by reason of delay in completing the repair of such steamer.

The joint resolution was read three times and passed.

Mr. Delano, also from the Joint Committee, reported back the Senate bill authorizing the Secretary of the Treasury to issue to Theodore Griswold, of Providence, R. I., two one thousand dollar 7-30 bonds, in lieu of two such bonds numbered 104,152 and 104,153, partially destroyed by fire, and the charred remnants of which are deposited in the Treasury.

The bill was considered and passed.

Mr. Washburne, of Illinois, offered a resolution, which was adopted, directing the Secretary of War to communicate to the House the report of the mixed board of engineers and naval officers, of which Commander Latimer was president, and Majors Chase, Birnhard, and Beauregard were members in 1851 and '52, and the report of Major Beauregard in 1852 or 1853, relative to the success of the operations of the Land company, in deepening the southwest passage by contract.

The House then, on motion of Mr. Stevens, went into Committee of the Whole, with Mr. Smith in the chair, to consider the bill reported yesterday appropriating $115,000 for deficiencies in the public printing, $50,000 for paper, and $65,000 for binding. The Committee then rose and presented the bill to the House, which passed it.

The House then proceeded to the consideration of the bill to reorganize and establish the army of the United States, the pending question being on Mr. Thayer's amendment to the tenth section, relating to the Adjutant General's Department.

Mr. Schenck moved to amend the section by adding to it the following proviso: "Provided, that nothing in this section shall be construed to vacate the commission of any officer now commissioned as Assistant Adjutant General, but only to change the title to Adjutant in the case of those who rank as Lieutenant Colonel or Major, without affecting in any way their relative positions or the time from which they take such rank."

Mr. Blaine spoke against the proposition of the Military Committee to change the nomenclature of Assistant Adjutant General to Adjutant, arguing that there was good reason for the distinction that had grown up. He defended the officers of the Adjutant General's department who had remained in Washington during the war, saying that many of them had applied again and again to be sent to active service and had been refused.

Mr. Davis commented on the remarks of Mr. Schenck of yesterday reflecting on officers in the Adjutant General's Department.

Mr. Schenck challenged him to point to a single phrase or sentence in his remarks reflecting on the officers of any department.

Mr. Davis suggested that he had accused them of shirking the responsibility of active service during the war.

Mr. Schenck denied that he had used any such language, but he would now say that while the greater number of these officers employed in Washington would have preferred to have been on active duty in the field, he believed there were others here because they preferred to have places in the department rather than active service in the field.

Mr. Davis retorted by saying that some officers of the Veteran Reserve Corps, for which Mr. Schenck showed so much anxiety, were men who got into that corps when they could have gone to the front—He knew officers in the army who looked with distrust on any persons who had entered that corps.

Mr. Schenck's amendment was agreed to.

Another amendment, offered by Mr. Schenck, striking out the words "after the first appointments made under the provisions of this section," was also agreed to.

Mr. Stevens regarded the question as simplified to this: Whether a man should be called John Jack, or simply Jack; whether an officer should be called assistant adjutant general, or simply adjutant. German Barons could show titles, but he did not see why the title adjutant was not as good as that of assistant adjutant general.

The debate was closed by the previous question, and the House was brought to a vote which was taken by yeas and nays, and resulted as follows: Yeas, 63, nays, 39. So the substitute was adopted.

The 13th section, as thus amended, reads as follows: "And be it further enacted, That the Adjutant General's Department shall hereafter consist of the officers now authorized by law, and their rank shall be as follows, namely: One Adjutant General, with the rank, pay and emoluments of a Brigadier General, four Assistant Adjutant Generals, with the rank, pay and emoluments of Colonels of Cavalry, five Assistant Adjutant Generals, with the rank, pay &c. of Lieutenant Colonels, and ten Assistant Adjutant Generals, with the rank, pay and emoluments of Majors of Cavalry."

The House then proceeded to the consideration of the fourteenth section in regard to the Inspector General.

No amendment was offered to the fourteenth section, which is as follows:

SEC. 14.—*And be it further enacted*, that there shall be four Inspector Generals of the army, with the rank, pay and emolument of Colonels of cavalry, and four Assistant Inspector Generals with the rank, pay and emoluments of Majors of cavalry.

The House proceeded to the consideration of the fifteenth section, relating to the Bureau of Military Justice.

Some amendments were offered but rejected. The section, as amended and passed, reads: "Section 15. And be it further enacted, That the Bureau of Military Justice hereafter consist of one Judge Advocate General, with the rank, pay and emoluments of a Brigadier General, and one Assistant Judge Advocate General, with the rank, pay and emoluments of a Colonel of Cavalry. And the said Judge Advocate General shall receive, revise and have recorded, the proceedings of all courts-martial and courts of inquiry and military commissions, and shall perform such other duties as have heretofore been performed by the Judge Advocate of the army, and by the Judge Advocates now in office. There may be retained a number not exceeding ten, to be selected by the Secretary of War, who shall perform their duties under the direction of the Judge Advocate General, until otherwise ordered by law, or until the Secretary of War shall decide that their services may be dispensed with.

The House passed on to the consideration of the 16th section relative to the Quartermaster's Department.

Mr. Davis moved a substitute for the section, providing for one quartermaster general, four assistant quartermaster generals, eight deputy quartermaster generals, sixteen quartermasters and forty-eight assistant quartermasters.

Pending the consideration of the section, a movement was made towards adjourning.

On motion of Mr. Stevens, it was ordered that the session to-morrow be confined to a general debate on the President's annual message.

Mr. Harding, of Illinois, from the Committee on Militia, reported back with amendment the House bill to educate the militia. Ordered to be printed, and re-committed.

On motion of Mr. Denning, the Military Committee was discharged from the consideration of a memorial in reference to the reservation at Fort Riley and it was referred to the Committee on Public Lands.

On motion of Mr. Moorhead, leave was granted to Mr. Washburne, of Illinois, to report back the Senate bill to pay Thomas F. Wilson, late United States Consul at Bahia, Brazil, fifteen thousand dollars in full for extra services and all other claims of his against the government, which was considered and passed.

Mr. Eldridge presented a memorial from the Wisconsin Legislature for a grant of land to aid in the construction of so much of the Winnebago and Superior railroad as extends from Doty's Island to Steven's Point. Referred to the Committee on Public Lands.

Mr. Rice, of Maine, asked leave to offer a resolution instructing the Committee on Banking and Currency to inquire into the expediency of providing by law for the conversion of State banks now organized into national banks, on or before the 1st of January next.

Mr. Ross objected and then at 4:30 the House adjourned.

From Aspinwall—Disaster on the European—Fifty Persons Killed—Southern Coast Advices.

NEW YORK, April 20.—The steamer Arizona, from Aspinwall, has arrived with $820,000 in specie.

A disaster occurred at Aspinwall on 3d inst. There was a fearful explosion on board the steamship European, destroying the ship and four hundred feet of her wharf. The cause of her explosion is supposed to be from nitro-glycerine on board. About fifty persons were killed, among them the captain and officers of the ship.

The news from the Southern coast gives but little hope of a speedy settlement of the Peruvian-Chilian-Spanish question. But little progress is being made by either of the belligerents.

There is some talk of bombarding Valparaiso, but that is hardly likely.

No attempt has been made by the Spaniards to take possession of the Chinchas.

NEW YORK, April 20.—The officers of the Panama Railroad Company in this city state the loss to the company by the explosion at Aspinwall will exceed one hundred thousand dollars. The nitro-glycerine was shipped on board the European by Giron & Co., of Liverpool, as glonoin oil. The amount of damage caused by the explosion is estimated at a million dollars.

The Panama Railroad Company's splendid freight house is a pile of ruins. There is scarcely a building in the place undamaged. Two clerks of the Panama Railroad and thirteen natives, or Jamaicans, employed on the wharf or in the freight house, and it is believed a small party of native laborers, were killed. The total loss of life is about fifty.

The Fenian Advance a Bubble.

NEW YORK, April 20.—The *Tribune's* Eastport special says: There is no border war and has been none. No fight occurred at Calais, nor did the Fenians capture any English flag. There is no excitement on this side of the boundary. The presence of a few Fenians organizing circles, coupled with the provincial confederation schemes, is the foundation for the sensation, and the special dispatches sent to New York papers have been villainously false, and they have drawn hither many strangers who came to join in the strife. General Meade, who arrived this forenoon, will officially explode the bubble.

The Fenian Prisoners.

TORONTO, C. W., April 20.—The Fenian prisoners at Cornwall have been remanded till Wednesday next, awaiting important evidence. A most complete detective system is in operation, and further arrests will be made unless the suspected parties succeed in escaping.

A special dispatch to the *Globe*, from Eastport, Maine, says that General Meade expresses a determination to line the coast with fifty thousand men, if necessary, to prevent Fenian mischief.

The meeting of Parliament is postponed until June.

Meeting in Aid of the Cincinnati and Chattanooga Railroad.

CINCINNATI, April 20.—A large meeting was held at the Merchant's Exchange last night, for the purpose of rendering aid to the Cincinnati and Chattanooga Railroad. Nearly six thousand dollars was subscribed.

Execution in Richmond.

RICHMOND, VA., April 20.—Thomas Shields, convicted of the deliberate murder of Robert Taylor, was hung to-day in Libby prison. He was unrepentant to the last moment.

CITY AND SUBURBAN.

District Court.

FRIDAY, April 20.—Before Judge Hampton.

In the case of Moritz Kesner vs. Daniel Winsburg and Samuel McMasters, before reported, the jury found a verdict for the defendants. Reasons were filed upon a motion for a new trial.

James Giles vs. Benjamin Trimble. Action for damages sustained by an alleged malicious prosecution. The facts of this case are these: In 1864 a young man named Wilson hired a piano from Mrs. Charlotte Blume, of Fifth street, and had it placed in his room at a boarding house on Wylie street. In the same room were two play actors named James Giles and John Manning, then engaged at Trimble's Varieties. In a few days after Wilson obtained possession of the instrument, he offered it for sale to Mr. Trimble, and finally disposed of it to him for some $380, taking a check for the amount on the Farmers' Deposit Bank. Wilson, on getting the money, left the city and was never heard of afterwards. Mrs. Blume, hearing what disposition had been made of her property, went to Trimble and demanded possession, and the piano was of course returned to her. Mr. Trimble believing that Giles and Manning were participants in Wilson's guilt, entered suit against them for conspiring to defraud him and being unable to get bail they were committed to prison, where they remained for six weeks. When the cases were called, a *nol. pros.* was entered as to Giles, while Manning was tried and acquitted. Both parties then entered suit against Trimble for damages for malicious prosecution, that of Giles being now on trial. The plaintiff's counsel alleged that he had no knowledge of Wilson's transaction, and that the prosecution was malicious and without probable cause. The defence claimed that both Giles and Manning were intimate with Wilson at the time the fraud was committed, that they accompanied him to the bank when the check was cashed, and that a portion of the proceeds was handed over to them. The principle item in the testimony for the defence was that Giles went to the bank with Wilson, was present when the check was cashed, and received several of the bills from Wilson before leaving the bank—Manning remaining at the door until they went out. M. Swartzweider appears for the plaintiff, and Messrs. Kirkpatrick and Mellon for the defense. The case will go the jury on Saturday morning.

Pittsburgh Gas Saving Company.

The late Legislature did at least one good thing for Pittsburgh. It passed an act incorporating the Pittsburgh Gas Saving Company. By reference to our columns notice will be found signed by the incorporators, Messrs. William Phillips, William K. Nimick, James O'Connor, John W. Chalfant, Thomas Smith, and R. Biddle Roberts, who, as Commissioners, will open the books for subscription to the capital stock of the Company on May 21st, A. D. 1866, at 10 o'clock A. M., at the Cash Insurance Company's office, No. 50 Fourth street, Pittsburgh. This Gas Saving Company have the right to exclusively use Boynton's Patent, which, in giving the same amount of light, saves to the consumer one half his gas bill. Before originating the Company, the Commissioners named above examined the certificates from New York, also Philadelphia and other Gas Light companies, certifying to the saving of gas, and also had it fully tested at the Pittsburgh Gas Works with perfect success. It is now on exhibition at the Pittsburgh Theatre, and has been tried with uniform success in the private residences of some of our first citizens. The French invented an instrument to measure light, called the Photometer, which measures light with as much certainty as a turner can measure a bushel of wheat or corn. This test cannot fail, and it demonstrates the immense value of the Boynton invention. It is a great public benefit in these times for any company to be organized to save the public money, especially on so necessary an article as gas. The capital stock has been fixed at the small sum of sixty thousand dollars, which, taking into view the importance of the matter, is a merely nominal sum. It is so placed as the gentlemen organizing it wish to benefit the citizens of Pittsburgh, and they are all men of large wealth. Mr. Robert Christy is the General Agent of the Company, and will be pleased to show the practical workings of the Gas Saver to parties who may call on him at the office of Wm. Phillips, Esq., Girard House, Smithfield street.

Amusements.

OPERA HOUSE.—Mr. Dillon appeared again last night in his master piece "Belphegor," and was greeted with rounds of applause. To speak of Mr Dillon in this part as his representation of it deserves, we feel our pen inadequate. He must be seen to be appreciated. The custom of fulsome puffery has become so prevalent, that to speak of a truly great artiste like Mr. Dillon in the usual slang, would be an insult to the dignity of an actor, unsurpassed, at least on the American stage. "Belphegor" will be repeated to-night and the performance will conclude with the "Octoroon."

PITTSBURGH THEATER.—The "Heretic" was produced at the old Theater last night to a very select audience. The play itself has but very little of merit, and this was marred by the imperfect manner in which it was put upon the stage. In the first place Mr. Adams, who is unquestionably an artiste in his line, is laboring with an affection of the throat, which prevents him from doing justice to himself or his enviable reputation, while the other characters of the play are so lame and sickly as to enervate the power of the ablest performer. Mr. Coggswell and Mr. Wentworth made all they possibly could out of the material they had to work on. "Black Eyed Susan" concluded the performance, and passed off much better. The "Drunkard," with Mr. Adams as Edward Middleton and "Black Eyed Susan," in which he will sustain the character of William, will be the plays this evening. On Monday Mr. Adams will appear in his great personation of "Wild Oats."

City Mortality.

The following is a list of the deaths in this city from April 8th to 15th:

Diseases—Decline of life, 1; old age, 1; pneumonia, 2; hernia, 1; phthisis, 1; erysipelas, 1; still born, 4; premature birth, 1; congestion of brain, 1; hydrocephalus, 1.

Males, 12; females, 2; white, 14. Total, 14.

Of the above there were, under 1 year, 7; from 1 to 2, 1; 5 to 10, 1; 40 to 50, 1; 60 to 70, 1; 70 to 80, 1; 80 to 90, 2.

THE GALLOWS IN CAMBRIA COUNTY.

Execution of Daniel Buser and John G. Houser for the Murder of Polly Paul and Cassie Munday.

The particulars connected with the murder of old Mary Paul and her young niece Cassie Munday are still fresh in the minds of most of our readers. Miss Paul lived in a lone cabin, on the mountain, in Croyle township, Cambria county, and although she had attained the age of seventy years she was still active and industrious, and her frugal habits, through a long life, led to the belief that she was possessed of a considerable sum of money. At the time of the murder, which occurred in June, 1865, her only companion was Cassie Munday, aged seventeen years, the daughter of an humble citizen of the county, who was with her aunt for the purpose of learning to weave. Their lonely cabin was entered between the 5th and 8th of June, (the precise date of the murder will probably never be known,) and they were most brutally murdered and the house rifled. They were last seen on the evening of the 5th, and their dead bodies were found on the 8th. The murder created intense excitement, and two men named Riddle and Reams were arrested and tried for the crime, but acquitted. After the arrest of the above named parties, information was received from the Warden of the Penitentiary to the effect that a convict named Wm. M'Creary, under sentence from Washington county, had overheard two other convicts, Houser and Buser, plan the murder while in prison. They had heard of Polly Paul and her wealth, from a prisoner committed from that part of the State and resolved to have her money soon after they got their liberty. They were released late in May, and the murder followed early in the following month. They were arrested on the strength of the allegations made by McCreary, and were convicted mainly on his testimony, the circumstances surrounding the case strongly corroborating him, and forming a chain of evidence upon which no jury of reasonable men could fail to convict.

Buser was for many years a resident of Duquesne borough, and was a fisherman by occupation. He also served for some time as a borough constable under Burgess Buhoup. He was married, but had no children as far as we have been able to ascertain. His wife left Allegheny some time since, and her whereabouts is now unknown. Buser seems to have maintained a fair reputation until some time in October, 1863, when he in company with Houser, was detected by officers McKelvy and McKain, while in the act of entering the clothing store of Lewis Coll, on Ohio street, in that city. Of Houser but little is known prior to his arrest as above stated. He was married and resided in the Third ward, Allegheny. After their arrest they were implicated in another robbery, which had been committed in Allegheny, and were committed for trial on both charges. Their trial took place in January, 1863, and being found guilty on the 7th of that month they were each sentenced to two years and four months imprisonment in the Western Penitentiary. Their term of service expired on the 7th of May, 1865. We next hear of their arrest for the murder for which they paid the penalty of their lives.

Deeming the matter of sufficient interest to our readers, we dispatched a reporter to Ebensburg. The following is his report:

TRIP TO EBENSBURG.

Leaving the city at 4:30 on Thursday afternoon, we were soon far away from the din, dust and soot of the city. All along the road the eye was greeted with green fields, blooming trees, and pleasant landscapes. If buds and blossoms be an indication of an abundant fruit crop, then we shall have it, and if the number of acres which the farmer is plowing to the surface yield them allotted crops, no apprehensions of scarcity need be apprehended the coming year.

EBENSBURG.

At ten o'clock we reached the ancient town of Ebensburg, and by the kindly aid of a brilliant moon had a fair view of the "city on the hill," and was only sorry that we were not "monarch of all we surveyed." Ebensburg is really a pleasant place, located, as it is, almost upon the apex of the mountains. The people seem kindly disposed towards strangers, seemingly eager to "make them at home," while they sojourn among them.

THE SHERIFF.

On our way to the hotel we passed the jail in which Bouser and Houser were confined. A gentleman in company with us pointed out a plain looking man as Sheriff Meyers, who was quietly seated at the front door smoking his pipe. We stated who we were and what had brought us to Ebensburg, when we were courteously informed that he would arrange the matter of passes early in the morning, and "ye local" proceeded to a hotel in which to rest his weary limbs, and was fortunate enough to bring up at the Logan House kept by Isaac Crawford, who knows just how to keep a hotel.

LAST NIGHT OF THE DOOMED MEN.

During almost the entire night of Thursday Rev. R. C. Christy and Father Giles, of the Catholic church, were in attendance upon the doomed men. As none were admitted but little is known of what transpired beyond the fact that all the rites usual to the church were observed, and that the unhappy men professed to have made their peace with God, and were prepared to meet their fate with fortitude and christian resignation.

MORNING OF THE FATAL DAY.

The sun rose on the fatal day in a cloudless sky. Contrary to the general expectation but few strangers arrived during the morning, and there was not the slightest excitement observable in the town during the morning and up to the hour of the execution, which took place at ten minutes past twelve o'clock.

THE SCAFFOLD.

The gallows, which is a new structure, never before used, is located immediately east of the prison. It was erected in full view of Bouser, who watched the workmen from his cell window. The proportions of the hideous piece of machinery are about as follows: Two uprights, 15 feet long, with cross bar 7 feet long; length of platform, 10 feet, by 8 feet wide, length of trap, 4 feet, by 3½ feet wide. The platform is five feet from the ground. The trap is connected to the platform with strap hinges; an upright post supports it, connected by a rope with a weight in the further end of the yard. When the trigger is touched, the weight in the front draws the upright forward, thus removing the support of the trap. The drop is about three feet.

The ropes to be used were manufactured expressly for the purpose in view by a rope-making establishment in Reserve township, Allegheny county. They are of hemp, one-half inch in thickness, and closely woven.

MORNING HOURS.

The last hours of the condemned men were spent with their spiritual advisers in their cells, the public being studiously excluded. But Rev. Christy informed us that their conduct was all that could be expected of men under the trying circumstances, and that they professed to be prepared for the dread event so soon to transpire.

BUSER WANTS TO MAKE A SPEECH.

We have authority for saying that Buser was desirous of making a speech for the purpose of protesting the innocence of Houser, but was dissuaded from so doing by his spiritual advisers from prudential reasons.

THE HOUR ARRIVED.

At ten minutes past twelve o'clock Buser and Houser were conducted from their cells to the temporary jail yard. Rev. Christy was on the right and Rev. Giles on the left. The prisoners were dressed in plain black, much worn, and ascended the scaffold with a firm step. Upon gaining the platform the four kneeled, the unhappy men each holding in their hands a crucifix, upon which they gazed intently, whilst the fatal cord that was so soon to strangle them dangled close above their heads.

INCIDENTS OF THURSDAY NIGHT.

As stated above, Revs. Christy and Giles were in constant attendance of the doomed men during the night, never once leaving their cells. Houser, shortly after 10 P. M., laid down and slept calmly until morning. Buser, on the contrary, was restless and feverish, and about 1 A. M. arose from his bed and requested Rev. Christy to join him in prayer, which he did. Supplication to the throne of grace continued for about one hour and a half, when becoming exhausted, at the instigation of his spiritual advisers, he was induced to return to his cot, upon which he secured a few moments of fitful repose.

THE LAST WORDS OF THE PRISONERS.

After the close of the usual services performed by Catholic Priests on such solemn occasions the unfortunate men arose from their kneeling positions and bidding their spiritual advisors an affectionate farewell, at the same time kissing them, the Sheriff proceeded to place the fatal noose around their necks.

The Sheriff, after having adjusted the ropes, placed the cap first over Buser's face, and when about placing it over Houser's the latter requested permission to speak to Dr. Bunn, which was granted.

The interview lasted but a moment, and the Dr. himself was unable to interpret the import of the message. He also requested to speak to Mr. Dunigan, one of the County Commissioners, which was also granted, but he, too, failed to understand what was said. All being in readiness, the prisoners having but a few moments between time and eternity, seemed more than ever to realize their awful condition. An instant before the Sheriff's foot touched the fatal drop, Buser exclaimed in a low, earnest tone of voice, "God be merciful to me, a sinner," while Houser, with equal earnestness, said: "Jesus, Mary and Joseph assist me."

THE DEAD FALL.

At precisely ten minutes after twelve Sheriff Myers touched the spring and the drop fell. The engine of death worked admirably, and the two convicted murderers were executed in the manner and form the law directs. Buser struggled for a few moments, while Houser died almost instantly. The bodies remained suspended the usual time, when Drs. Bunn and Lemmon pronounced life extinct, after which they were cut down and placed in neat coffins and removed to the Catholic cemetery, where, after the usual ceremonies, the bodies were interred.

THE SPECTATORS.

Sheriff Myers admitted but few to witness the execution. A portion of the jury who convicted them, a goodly representation of the Pittsburgh, Johnstown, Greensburg and Ebensburg press, E. M. Reed, Sheriff of Westmoreland, J. A. Faust, Sheriff of Clearfield, ex-Sheriffs Jas. Funk, of Blair, and Buck of Cambria, John F. Barns, of Johnstown, Prosecuting Attorney, and a number of other prominent citizens, were present.

Everything passed off in the utmost order and decorum, and great credit is due to Sheriff Myers for the manner in which he performed the trying duties devolving upon him.

AN AFFECTING INCIDENT.

We were informed upon reliable authority, that Mrs. Myers, wife of the Sheriff, had a parting interview with the prisoners a short time previous to their being led forth to the place of execution. It is described by those who witnessed it, as being most affecting. The doomed men returned many thanks to her for the kind attention bestowed upon them during their many months of imprisonment. We may add also, that they bore testimony to the uniform kindness received from the hands of the Sheriff.

PERSONAL MENTION.

We cannot conclude our report without mentioning the attention bestowed upon us by Clark Willson, of the *Democrat and Sentinel*, J. H. Hutchinson, of the *Alleghenian*, W. H. Sechler, Esq., Commissioner's Clerk, Robert L. Johnson, Esq., W. H. Rogers and others. These gentlemen afforded us every facility for gaining information in relation to the event of the day, and endeavored to make us comfortable generally. To Father Christy we are under special obligations.

THE FUTURE.

Well informed men in Ebensburg are strong in the belief that but a few months will roll round before the most overwhelming evidence of Houser's innocence will be brought to light. This may be the case, but it will come too late. Whether innocent or guilty Houser has paid the debt due the law, and is beyond the reach of friend or foe.

DYING BEQUESTS.

Just previous to the execution Houser bequeathed a set of beads and crucifix to John McMullian, the jailor, for whom he professed great good feeling for his many acts of kindness. He also gave a small crucifix to Miss Rebecca Harts, a young lady employed about the jail.

Miss Dickinson's Lecture.

Miss Anna E. Dickinson will deliver a lecture in City Hall, on Monday evening next, under the auspices of the Young Men's Mercantile Library Association and Mechanics' Institute. The title of Miss Dickinson's lecture will be somewhat different from that announced in the advertisement. We understand that the subject will be, "MY POLICY." We are not advised as to whose policy, particularly, reference will be made, but we have some suspicion, and we have no doubt but in Miss Dickinson's hands it will be treated in excellent style.

This will be the closing lecture of the season, which to the Association has been a very prosperous one. No previous committee has performed its work better than the one whose labors are now drawing to a close. Everything was arranged most admirably, and in such a way as to be not only of advantage to the public, but also of pecuniary benefit to the Association. The Lecture Committee are certainly, in our opinion, entitled to the thanks of both.

Seats may be secured at City Hall on Monday morning at 10 o'clock.

Burglary at Brownsville.

On Friday morning of last week, between one and two o'clock, a daring burglary was committed in Bridgeport, opposite Brownsville. Mr. William Worrell, clerk in the dry goods store of Mrs. M. A. Graham, for some time prior to the commission of the offense, had deposited in the safe of the store a considerable sum of money, which, however, a day or two previous to the robbery, he had fortunately deposited in one of the Brownsville banks. The robbers had doubtless by some means become aware of the fact that this money had been deposited in the store safe, and resolved to make an effort for its possession, and although they failed in the main object, they succeeded by means of an iron sledge, obtained from the blacksmith shop of Mr. Crop near by, in breaking into the store, when they blew open the safe with gun powder, and took therefrom about $200, leaving the papers in the safe and the goods in the store untouched. Three men were seen lurking about the premises, at a late hour of the night, but they are unknown, and will probably escape detection.

Merchants National Telegraph Company.—A charter has been granted the above company for the building of telegraph lines between Pittsburgh and the oil regions. It is intended to proceed at once to the construction of the work, to be completed at the earliest practicable moment. It will be put up in the best possible manner with double line wires. The affair being in the hands of a number of our most energetic oil dealers and merchants, and the amount of business done between these points being very large, is a sure guarantee of it paying largely. An opportunity to subscribe to the stock will be given in a few days. The company will have connections at Pittsburgh with the new lines in course of construction by the Monongahela Valley and Bankers Brokers Companies, giving them ample facilities for sending messages eastward and westward.

Feminine Troubles.—Ellen Hegarty and Peggy Harrington, occupying different rooms of a house in the Fifth ward, are, it seems, on bad terms. Ellen yesterday made complaint before Alderman Taylor charging Peggy with coming into her apartment and threatening to take her life, and a warrant was issued to restrain her from doing deponent bodily injury.

Kate Chardon, who, by the way, is over fond of a "wee drop," also appeared before the same Alderman, and made complaint against Barbara Weaver, for threatening her violence, and at the same time forcibly ejecting her from the house. Mrs. Weaver's husband keeps a public house in the Fifth ward, and Kate, who becomes partially crazed with liquor, almost daily annoys them with her presence. A warrant was issued.

Soldiers League.—A regular meeting of the Soldiers League was held last evening at the rooms of the Firemen's Association, Gen. Swartzer in the Chair. A full attendance of members was present and quite a number of honorably discharged soldiers were proposed and elected.

The Committee on Constitution were, by vote, ordered to have it printed.

A resolution was unanimously adopted, vindicating the character of Robert W. Ramsay, a crippled soldier, and a candidate for the office of Register, from the assertions invented and circulated by some of his civilian rivals.

A vote of thanks was awarded to Col. J. P. Glass for his efforts in having a bill pass the Pennsylvania Legislature, granting local bounties to veterans who failed to receive the same on re-enlistment.

On motion adjourned.

Lamb Carried off by an Eagle.—On Friday last some farmers engaged in plowing on the farm of Squire Shannon, in Fallowfield township, Washington county, witnessed a scene somewhat strange to that neck of woods. In an adjoining field some ewes and lambs were quietly grazing, and while the attention of the plowman was directed to them by remarks of some one in the crowd, a large American eagle was seen to swoop down, and seizing a week-old lamb, with a loud scream flew off far above the tree tops, bearing the bleating lamb in its talons. This sudden rise in mutton so astonished the farmers that for a while they maintained a silence not unmixed with admiration, but recovering themselves, set up a shout and halloa which seemingly frightened the proud bird, for it let go its hold, and the lamb fell to the ground with a force which reduced it to a state of mutton chops and sheep skin in a very short space of time.

Row Among Runners.—A difficulty occurred in the Fifth ward yesterday between two men named Herman Baumback and Herman Steichman, the former a runner for Reinhart's Hotel, on Penn street, and the latter a runner for Adam Tousant on Liberty street. The row grew out of disparaging remarks to passengers indulged in by each concerning the accommodations of the respective houses of entertainment, and after a good deal of angry discussion, Steichman set upon Baumback and gave him a beating, damaging his head to a fearful extent. The latter appeared at Alderman Taylor's and made information against his assailant for assault and battery, and at the same time Steichman preferred a suit of surety against Baumback and another party named Henry Snyder, who he charges threatened to kill him whenever they should see him at the depot.

Singular Accident.—On Thursday afternoon a singular accident occurred on First street, immediately in the rear of the First ward school house, by which a little daughter of Mr. James Rees was very seriously, if not fatally injured. It appears that some men were engaged repairing or moving a large mould which rested against the wall of Fowler's foundry. The child was passing at the time, when the casting fell from its position and rolled against the little girl, severely bruising, and, it is feared breaking her limbs. A few inches nearer and she would have been struck on the head, and instantly killed. Her parents were immediately on the spot, and the little sufferer was carried to her home.

Robbery in Mifflin Township.—On Sunday night last, a hired man named William Todd, employed in the family of Jno. Wilson, residing in Mifflin township, opposite McKeesport, in the absence of Mr. Wilson, robbed the house of four hundred dollars in money, one gold and two silver watches, and other articles. Mr. Wilson had recently removed from Wilmington, Delaware, to a farm which he had purchased in the township above named, and brought Todd with him simply because he was poor and unable to find employment. The good man's kindness had been basely abused.

The Galaxy.—We have recieved from the publishers No. 1, Vol. 1, of the "Galaxy," a new magazine, published fortnightly at No. 39 Park Row, New York. It is beautifully illustrated, and its typographical appearance is very handsome. The contents of the present number are as follows: The Claverings; Giants, Dwarfs and Fairies; Childe Harold; A Chapter from Noble Life; Archer Lovell; Spring, 1866; A Winter with American Peripatetics; Ryland's Wife, and Nebulæ. The subscription price is six dollars a year of twenty-four numbers.

Mysterious Disappearance.—Jas. Houseman, of Cookstown, Fayette county, disappeared mysteriously on Wednesday, 11th inst., and at last account had not been seen or heard of. Some arrests were made on suspicion of foul play in the case, but nothing was adduced to implicate the parties in any way whatever. The general impression prevails that as he had some flat boats in charge, and as he was subject to fits, he fell into the river. The river was dragged, but nothing found to give any clue to the mystery.

Sudden Death.—Mr. John Ayres, of Butler, died very suddenly a few days ago. He left his shop in the evening, feeling rather unwell, and on reaching home informed his wife of his illness. She prepared a bed for him, but after lying down he felt worse. He then sat in a chair a few minutes, but his situation becoming more critical he was helped into bed, where he expired in about half an hour. He was fifty-five years of age, and leaves a large circle of friends. He died of heart disease.

Abusing a Boy.—James Cahill made complaint before Alderman Strain yesterday charging Michael Clear with kicking and maltreating his son. Clear works at the Fort Pitt Foundry, and the boy is under his employ. Held for a hearing.

The Pacific Railroad.—The elegant car known as the "President's car," in which the remains of President Lincoln were conveyed to the west, reached this city yesterday from Washington, by way of the Pennsylvania railroad. It contained the directors of the Pacific Railroad Company, and a number of other gentlemen interested in that great enterprise, who are now on their way to Omaha, on business connected with the road.

Judicial Appointment.—The Brookville *Republican* says: "We are glad to learn that our townsman, L. G. Gordon, Esq., has been appointed by Gov. Curtin, Judge of the new Judicial District, formed by the Legislature during the session just closed. It comprises the counties of Mercer and Venango, leaving Judge Campbell the counties of Clarion, Jefferson and Forest. A better appointment could not have been made."

Insulting an Alderman.—Information was made before Mayor McCarthy yesterday by John A. Strain, Esq., charging Alex. Cupples with disorderly conduct. Cupples, it appears, entertained a spite against the Alderman for deciding a suit adversely to him, and has lost no opportunity of taking his revenge by grossly insulting him, calling him hard names, &c. He was fined $25, which he paid.

Disorderly.—Wm Opp preferred charges against Henry Miner, before Mayor McCarthy, of malicious mischief and assault and battery. Miner is charged with entering the bar room of Gustave Mark on Smithfield street, while under the influence of liquor, and conducting himself in a very disorderly manner, breaking a window and striking the bar-keeper. He was arrested.

A Tub Affair.—G. M. Briggs yesterday made an information before Mayor McCarthy against Mary White for disorderly conduct. It appears that Mary claimed a tub at the house of Mr. Briggs, and the parties in possession ignored the claim and refused to give it up. Mary thereupon became excited and raised a disturbance. She was fined $10 and costs, which she paid.

A Family Misunderstanding.—Benjamin Work yesterday instituted proceedings before Mayor McCarthy against his wife Margretta and his son Benjamin F. for fraudulently destroying an assignment of seventy acres of land in Allegheny county, which complainant alleges belongs to himself. The defendants were held for a further hearing.

Larceny of a Watch.—Andrew B. Ray had a hearing before Alderman Strain, yesterday, on a charge of stealing a watch worth $30. The prosecutor works at the new building for the Academy of Music, and had taken off his vest, leaving his watch in the pocket, and alleges the defendant abstracted it. He was committed to answer in default of bail.

Mr. C. Johnston, Esq., Mercantile Appraiser of Fayette county, while attending to some matters about his place in Redstone township a few days ago, was struck on the head by a piece of timber which nearly cost him his life. His face and forehead were badly cut, but the skull was not fractured.

Surety.—John Green yesterday made information before Alderman Strain against Martin Harris, who, he alleges, has threatened to curtail his ears and deprive him of life. A warrant was issued for the desperate man.

Fire in Blairsville.—On Monday night last, a stable belonging to a Mr Myers, in the borough of Blairsville, was destroyed by fire. Two cows that were in the stable were also burned with it.

"Our Young Folks" for May, the "Atlantic Monthly" and the "Lady's Friend" for May, have been received and can be had of W. A. Gildenfenny, No. 45 Fifth street, near Wood.

EMANCIPATION CELEBRATION AT WASHINGTON.

On the 19th inst. two regiments troops and various civic associations, composed entirely of black people, assembled in front of the Executive Mansion, and were addressed by the President of the United States. The event is memorable and significant in several aspects. It is worthy of note from the presence of colored troops. Not that black soldiers were unknown in the earlier history of the republic. In the war of Independence black men served in the ranks, side by side, with white men. In the second war with Great Britain black regiments were organized, and served with such efficiency and success as to elicit the hearty commendation of Gen. ANDREW JACKSON. But, afterwards, a great change came over the ideas and temper of our people. The blacks were depressed to a much lower position than they had previously occupied. A deep contempt was cherished for them, and they were excluded from those recognitions they were entitled to claim, simply as human beings, under the most unmitigated despotisms. Five years ago a crowd of colored people, assembled at or near the Presidential Mansion, and especially, under circumstances warranting a suspicion they were looking never so remotely to the attainment of political privileges, would have been summarily dispersed by the police.

In some points much that is admirable appears in the tone and manner of the President towards these people. He seems equally removed from a patronizing condescension and a haughty arrogance. He addressed them substantially as he would have addressed a company of white men. Indeed, we think his address, in point of style and temper, a decided improvement on his recent addresses to white audiences. There is no trace of slang in these utterances.

The President referred with an honest pride to some passages of his eventful career as furnishing proof of his desire that black people, as well as white, should enjoy the blessings of freedom. He could have gone much farther than he did without violating any of the proprieties either of his official position or of the immediate occasion. Had he pleased, he could have rehearsed those grand promises he made to the black men of Tennessee, that he would be their Moses, and lead them on to the full enjoyment of all the rights of citizenship. Indeed, if his purpose remained unchanged, here was a chance wasted; an opportunity unimproved.

And this leads us to say that the President's speech is more remarkable for what it does not contain than for what it does. Before him stood the representatives of four and a half millions of people, who had never produced a copperhead or a traitor; who had evinced an unsuspected loyalty, an unflinching devotion, a marvellous patience, and a high order of courage. What they wanted most to hear was if the reasonable hopes dashed by the veto of the Freedmen's Bureau Bill and the Civil Rights Bill might be again enkindled. On this head not a word was vouchsafed. There was only an ominous omission. Of what avail was it, in stately generalities, to tell these eager people, that the man who vetoed those bills was more their friend than the men who passed them through the Houses?

Still, the gratifying facts stands in the history of this generation that caste has so far lost its force that black men can approach the head of the government, pay their respects in the usual popular form to the Constitution and the Laws, and be ceremoniously thanked for the compliment they tendered. The world does move.

* * *

OUR REPUBLICAN FRIENDS in Allegheny, always staunch and true, spoke out very firmly and decidedly, on Thursday night, on the attempt to displace the Collector of the 23d District and the Postmaster in Allegheny City, for opinion's sake. There can be no mistake as to the minds of the people of that district on that subject.

The resolutions characterize the new appointee to the Collectorship as a man of "facile principles." No description could be more comprehensive and true than this. Ex-Gov. JOHNSTON, when he left office as Governor in 1851, stood almost at the top of the heap, as a progressive, in the Whig party; but he lost that position altogether by his course in the Whig National Convention in 1852, in framing and pressing to adoption the pro-slavery platform, which was much more pro-slavery as it came from his hands than it was when adopted, and which proved the death of that party. He next gravitated into the Know-Nothing party, which he helped to break up, in turn, in 1856, and then joined the Republican organization, but he could not, even then, withhold his hand from factiousness and disorganization: for although he supported FREMONT, he insisted upon running on the same ticket with him as a candidate for Vice President, and got a miserable handful of politicians to put him in nomination for that place. Nothing came of his disorganizing movement, because the man was now too weak to work much mischief, but he persisted in considering himself a candidate for the Vice Presidency up to the night of the election. The records of the Electoral Colleges, however, do not show that he received any votes for that office.

In 1864 he was so thorough a Radical that he could not conscientiously support MR. LINCOLN or MR. JOHNSON, both of whom were too Conservative for him. He accordingly aided in getting up the Cleveland Convention, which nominated FREMONT and COCHRANE as candidates in opposition to the Republican nominees. We believe our neighbor of the *Commercial* was somewhat inclined in the same direction; but its heart was so thoroughly sickened by the fact that that Convention passed by Gov. JOHNSTON in selecting its candidate for the Vice Presidency, that it was saved from lapsing into absolute heresy; but the ex-Governor continued to hold on to the Cleveland nominees as long as their flag fluttered; at least he never openly withdrew his fellowship from them.

Up to within a short time of the present Governor JOHNSTON has been classed as an opponent of the President's policy. It was only when the President discerned the eminent fitness which has slumbered without recognition since 1852 that he discovered how thoroughly he and the President were in accord, and how imperatively consistency required him to maintain in 1866 the pro-slavery doctrines he enunciated in 1852. He would fain wipe out, as with a sponge, all that has intervened between the two periods; but the people have memories, if he has not; and hence, when they speak, they sum up their recollection of him in the happy phrase which justly stigmatizes him as a politician of "facile principles."

* * *

THE common expectation was that Mr. McDOUGALL, of California, would be expelled from the Senate on Thursday last, for habitual drunkenness, and for his late inexcusable abuse of his colleague, Mr. CONNESS, while in a state of inebriety. Instead of this, after having made a personal apology to Mr. CONNESS, he was allowed to retain his seat upon apologizing to the Senate.

That intoxicating liquors are drank more freely at Washington than they ought to be, is a fact of general notoriety. The same may be said of every other town and hamlet in the country. That some members of the Executive Government and of Congress drink more than is for their personal good, and than helps their public usefulness, must be admitted. Like facts exist in private life.

An apprehension exists in certain circles that public men are more addicted to the excessive use of spirituous drinks than men in the private spheres of life. This is a mistake. The great majority of men in high political stations are neither drunkards nor debauchers. Many of them, like the late lamented DICKINSON and FOOTE, are models of all the social virtues and excellencies. But public men stand, so to speak, on pedestals, where they encounter universal observation. What blemishes they have are noted, and talked about; and the faults of the few are unjustifiably transferred to the many. There has been vastly too much of this. It is high time proper discrimination was made; and Congress ought to set an example in this regard by expelling any member who violates the decencies of life.

BUTLER COUNTY.—The Republican primary meetings will be held on the 9th of June. Who shall be the candidates will be decided by an election, in which only Republicans will be allowed to participate. Candidates for Congress, Assembly, Associate Judges, Prothonotary, Register and Recorder, Clerk of the Court, Commissioner, Coroner and Auditor, are to be selected.

THE gentleman from Ireland who edits the *Post* talks about our discussion of local questions as "squatter impudence!" Where did *he* come from, that he should attempt to stigmatize any one else as a squatter?

POLITICAL.

THE PRESIDENT ON PATRONAGE.—The Washington correspondent of a Chicago paper contains the following:

"A few evenings ago, in the course of free and easy conversation with some convivial "conservative" companions, the President said the Republican papers were calling him John Tyler No. 2, and denouncing him for betraying his party. He said that it was not true that he was following in the footsteps of Tyler, in one respect at least. When Tyler broke with his party, he commenced turning Whigs out of office and filling the vacancies with Democrats. The result was that in a short time he had given all his offices away and lost his power. He had only as many friends as he had offices to bestow. The Whigs ejected were ever after bitter and active enemies, and fought him to death. "Look up there at those pigeon holes," said Johnson. "They are filled with the 'papers' of office-seekers. For some of the vacant places there are a score or more of competitors; for hundreds of offices not vacant there are lots of applicants, who pledge themselves to sustain 'my policy,' and swear they are 'Johnson men' up to the handle. So, my friends, you readily perceive that the course I am pursuing secures me as many 'friends' as there are applicants for office. And this policy works admirably in another respect. It shuts the mouths of all the Republicans holding office, as they are afraid to open their heads in opposition to me lest their heads may roll in the basket. Now, if I should turn these men out they would all fight me like tigers, and these warm and enthusiastic hosts of 'friends,' now begging for crumbs of patronage would cool down to zero the moment I should dispose of the offices. Hence, you see, gentlemen that I am not following in the footsteps of John Tyler, so far as the dispensing power is concerned. John was a fool; he did not understand human nature and the springs of action. I profess to be a politician who have studied the nature of office-seekers to some purpose."

THE Nashville *Banner*, edited by two ex-rebels, one of whom was in the rebel army, while the other edited a rebel paper, during the late civil war, says:

"But in honest truth, the great majority of the so called Union or loyal men of the South were the merest trash that could be collected in a civilized community, of no personal credit or social respectability."

James L. Petigru, John M. Botts, Edward Bates, Horace Maynard, George H. Thomas, Andrew Johnson, George W. Summers, were found in this "low trash" company.

VALLANDIGHAM called on Thad. Stevens recently, and in course of conversation stated that if the President did not immediately begin to appoint Democrats to office he could not retain the adherence of a single Democrat three weeks longer.

THOMAS NOEL, who betrayed the Republican constituency that elected him and went over to the Democrats, has announced himself as an Independent candidate in the Third Missouri District.

SOME of the Republican Senators and Congressmen talk of a perpetual session as a means of checking the alleged injudicious appointments and policy which the President may see fit to adopt when Congress adjourns.

IN order to make every possible preparation to meet the expected visit of the cholera during the coming summer, Dr. Caleb W. Horner, chief medical officer of the Bureau of Refugees, Freedmen, &c., has directed the chief surgeons of districts to execute at once a careful inspection of all relief establishments and quarters occupied by dependent refugees and freedmen under their jurisdiction, and to perfect such sanitary regulations as may be deemed necessary to guard, as far as possible, against the occurrence of cholera or other epidemic diseases; and to meet any extraordinary demands which may arise therefrom, he has directed the medical department of the bureau to be at all times in readiness.

THE corner-stone of the monument to be erected over the grave of Stephen A. Douglas will be laid some time during the month of May or June, and the trustees having the matter in charge have invited Wm. H. Seward, Secretary of State, to be the orator of the occasion. In reply, Secretary Seward writes: "I may inform you that I should consider it an agreeable duty to accept this invitation, which does not exaggerate the regard in which I hold the memory of Stephen A. Douglas. The last of his days in Washington were employed in consultation with President Lincoln and myself in organizing the resistance to disunion."

AT Memphis, recently, several negroes have been prosecuted in the Criminal Court for keeping tippling and billiard saloons, in violation of the State laws, and their attorneys plead the Civil Rights bill in abatement. Judge Hunter has since rendered his decision in these cases. He holds that the Civil Rights bill is the supreme law of the land, all State laws to the contrary notwithstanding, and gave judgment accordingly in favor of the defendants. The Attorney General has signified his intention of carrying the cases to the higher courts.

PERSONAL ITEMS.

GEN. GRANT in a recent conversation with Rev. Geo. Hepworth, of Boston, said of General Sherman: "Sherman is a man to be proud of. He is impetuous, he is faulty, but he knows his own fault as soon as any man." And of Sheridan, he said: "He is the best man in America. He has no peer. He can wield any force. He is a pure-hearted, simple mannered and truly noble man." And of himself, he said: "There were a thousand others who could have done the thing as well as I. I am thankful to God that He helped me to do the work, but had I not been living, or had the Government passed over me, there are other men who would have won the victory for you."

THE Boston *Transcript* says: "Mr. Charles F. Brown (Artemus Ward) has received an offer of $20,000 (in gold) and his ordinary expenses for a lecturing tour in England of six months. As Mr. Ward's purpose is to improve the people, and money is no object to him, those who know him say he will decline the offer. He intends, however, to visit England soon, to spend some of the money he earned in his recent tour through the Southern Confederacy."

A GOOD story is told of Hod Annis, who robbed Rufus Lord, in New York, of $1,500,000. While in charge of an officer of the law, when either approaching Boston or being conveyed from it, on the way to Newburyport, the cars stopped at Beverly. The officer got out of the cars, and had proceeded a short distance, when Hod also alighted and gave chase to the official, fearing he might give him the slip.

THE congregation of the Broadway, N. Y., Tabernacle, have taken occasion, on the 21st anniversary of the settlement of its pastor, Rev. J. P. Thompson, to increase his salary to $6,000 a year, vote him a leave of absence to go to Europe, continue his salary and supply the pulpit while he is away and give him $3,500 to pay the expenses of himself and family abroad.

THOMAS M. PETERS, aged 25, son of Dr Peters, who killed Gen. Van Dorn, committed suicide in Memphis last Monday, by shooting himself. He left a long letter alluding to his family troubles. He was perhaps deranged, and had dressed himself up in Confederate uniform.

MR ROBERT MAYO's estate, known as Powhatan, on James river, near Richmond, and where, according to a dubious tradition, John Smith's life was saved by the fair Pocahontas, is said to have been sold to Col North, of Massachusetts, for $26,000.

BIERSTADT has sold his "Storm in the Rocky Mountains" to an English purchaser for twenty thousand dollars, Mr. A. T. Stewart making an offer of thirty thousand just too late to secure it.

THE widow of Rev. T. Starr King was married in New York last week to Mr Norris, a rich steamboatman of San Francisco, and an intimate friend of her husband.

GENERAL FORREST, who recently killed one of his plantation hands, has been held for trial in Sunflower county, Mississippi, under bonds of ten thousand dollars.

MISS MELISSA WARE, of Pittston, Me., is having an examination in Gardiner, before the United States Commissioner, on a charge of robbing the mails.

S. B. T. CALDWELL, aged seventy-six, formerly editor of the Leesburg (Va.) *Genius of Liberty*, died last week.

GENERAL NEWS.

A FIENDISH miscreant named Payne, residing near Mt. Pleasant, Atchison county, Kansas, on Monday of last week, attempted to poison his own family and that of his employer, Hon. John Kane, by mingling arsenic in the milk used by both families. Mr. Kane and two of his own children partook of the milk, and were soon violently attacked with vomiting. Antidotes being administered, the children were soon relieved, but Mr Kane remained in a precarious condition. Payne was a tenant of Mr. Kane, had a bad reputation, and, having had a quarrel with his wife, attempted this wholesale poisoning by way of gratifying his malice. He had fled, but measures were being taken to secure his arrest.

A SAD accident occurred at Dundas, Minnesota, Friday evening. Five men undertook to cross Canon river at that place in a boat, when the ice forced their little craft down the river with great rapidity, turning it over a short distance below. Mr Taylor, a millwright, and Mr Hardy, a miller, both living in Dundas, were drowned. The other three men succeeded in getting ashore over broken ice with great difficulty. Their bodies had not been recovered at last account.

THE Nashville *Union* recently indulged in some ridicule of the Senators in Congress who received boquets of flowers from the colored women of Washington, upon the passage of the Civil Rights bill, whereupon the Nashville *Dispatch* neatly retorts that such ridicule is inconsistent in a paper which supported Colonel Richard M. Johnson, who was the husband of two negro women and the father of several mulatto children, for the Vice President.

THE Baltimore and Ohio Railroad Company has commenced the construction at Grafton, West Virginia, of an immense engine house. The new building is designed to hold at least sixteen engines, and will be provided with the necessary accommodations for workmen, machinery, &c. This is certainly an evidence of prosperity and enterprise on the part of the company which it affords us great pleasure to record.

ARTHUR SHELDON, a young man employed in the Laporte (Ind.) postoffice, has been examined on a charge of mail robbery, and held in $3,000 to appear at the next term of the United States Court. Sheldon is a young man of excellent family, and a few weeks ago was married to the daughter of a prominent physician of Laporte.

CHICAGO, April 17.—Last evening a bold robber walked up to the shop window of Wiggins, Bradford & Co., who keep a pawnbroker's office on Madison street, and smashing a large pane of glass seized a package containing $1,346 in greenbacks, and made his escape in spite of the pursuit of citizens and officers.

RELIGIOUS INTELLIGENCE.

The meeting of the General Conference of the Methodist Episcopal Church *South*, now in session at New Orleans, is not of so much importance in itself to us of the North, as to note the manner in which its members discuss some of the *live* questions of the day. Immediately after the usual opening religious exercises, Bishop Andrew delivered an address, in which he advised the members to be cautious in their deliberations. They were aware of their relation to "a certain other Church,"—they knew what he meant—they were not political preachers. It will be remembered by many of our readers, that Bishop Andrew was mainly the cause of the division of the M. E. Church in 1844, on the slavery question. When the standing committees were ordered, the *name* of the committee to consider the relation of the Church to its colored membership excited a good deal of discussion. They expressed great friendship for the negro, and wonderful anxiety for his spiritual welfare. Dr. Sehon, the missionary secretary, in his report, spoke of the former success of their missionary work among the colored people, but said nothing about the $60,000 of missionary money which he invested in Confederate bonds. Petitions had been received asking for important changes in the economy of the Church. The "progressive" party desired the appointment of a Committee on Organic Laws; while the "Conservatives" were in favor of refering memorials to the appropriate standing committees. On the third day the delegation of the Baltimore conference—which had recently seceded from the M. E. Church—were presented to the Conference. Two or three of the delegation made speeches in which they expressed their great joy at getting home. The Conference received salutations from the New York East Conference (Northern) asking them to unite in praying for unity of heart of our common country and the union of the different branches of Methodism. The reply, however, limited the prayer to the latter, and tacitly declining any prayer for our national unity of heart. This action shows they need to be "reconstructed." Dr. Deems, who has recently started a Southern paper in New York, called the *Watchman*, offered a resolution to appoint a committee to prepare a paper to set forth the position of the M. E. *South* toward the Northern Methodist other branches of Christ's Catholic Church. It produced intense excitement and the doctor was squelched. The feeling seemed to be not to have anything to do with Northern Churches. By a telegram to the *Christian Advocate*, which is several days in advance of our mail reports, we learn that a report has been adopted favoring the extension of the jurisdiction of the Church in every direction, including the North, as opportunities may offer; also that the Committee on Episcopalians report favorably to the election of six additional Bishops.

—It was advertised in a New York daily paper last week, that a grand concert by the artists of the Italian Opera troupe would take place at St. Stephen's Church, (Catholic, we presume,) in that city, on Sunday, 15th,—the proceeds to be devoted to the enlargement of the church. An exhibition of Odell's new organ was announced to take place at Irving Hall on the evening of the same day. Mr. George W. Morgan, the celebrated organist of Grace Episcopal church, and other professional characters, to take part in the performances. The German Republican Committee is called to meet in honor of the memory of Abraham Lincoln, on the Sabbath. All these things tend to destroy the respect of the public mind in the sanctity of the Christian Sabbath. The friends of morality and law and order should be on their guard.

—It is a pity that the family quarrel in the Lutheran Church, represented by the *Observer* party on the one hand, and the other by the *Lutheran and Missionary*, could not be stopped, or at least be kept hid from the public. An article appeared in the latter paper on "Luther's Rings," whereupon the *Observer* comments would it "not be better to seek for some of Luther's piety, than to be sorely perplexed about his rings." The *Lutheran* closes a rejoinder in these words: "We are sure that the ring which went around Luther's little finger, went around more piety than would be inside of a girdle which took in the *Observer's* whole body."

—The *Independent* says that Mr. Cyrus H. McCormick, of Reaping Machine notoriety, we presume, argues that the O. S. Presbyterian Church must rescind its patriotic action during the last five years, and return under the dictation of the Virginia divines, as the only means of the "reunion of our glorious old Presbyterian Church"—at least for the next quarter of a century. It is not likely that the noble stand taken by this body will be rescinded.

—The Grand Jury of Pike county, Mo., has indicted Rev. James Smith, a Baptist minister, for preaching without license. The Grand Jury of Palmyra has found true bills against the following ministers for the same offence: The Rev. Mr. Dunn, of the Episcopal Church; Rev. Mr. Wilkes, of the Christian Church; Rev. Mr. Fuller, of the Presbyterian Church; and Father Cronin, of the Roman Catholic Church.

—Bishop Clarkson, Episcopal Bishop of the North-west, is about to organize an extensive scheme of ministerial and Episcopal visitation, whereby religious seed may be sown in the hearts of every emigrant train passing still further towards the setting sun. Such missionary efforts will doubtless be productive of much substantial good.

—The revival in progress for the past five months in the Emory M. E. church, Philadelphia, has averaged about one hundred conversions per month. At this time between five and six hundred have been converted, and still the work goes on.

—The friends of the Sabbath in this State, indeed everywhere, have cause to rejoice that the persistent and earnest attempts which have been made to secure the abolition of all the Sunday laws in the State have signally failed.

—Most of the Seniors of Andover Seminary have already commenced preaching. Four have decided to enter the foreign mission field, and four will become home missionaries, while one is undecided whether to enter the foreign or home field.

—Among the persons admitted into the Philadelphia M. E. Conference was the Rev. J. J. Pearce, a located minister. Bishop Ames remarked that at one period in Mr. Pearce's life he had served as United States Congressman, but he felt authorized to state, that if admitted, he would not be guilty of such an indiscretion again.

—The Pope seems to be again in a bad way, as he has composed a new prayer for the defense of the temporal power, which he has ordered to be read in all Roman Catholic churches.

—There are twenty-seven chaplains in the United States navy, of whom eleven are Episcopalians, six Methodists, five Presbyterians, four Baptists, and one Congregationalist.

—The revival in the African M. E. church at Cleveland, Ohio, has thus far resulted in the conversion of about two hundred converts.

—In 1742 there were 110 non-conformist churches in Wales; in 1866, 3,107.

SPECIAL NOTICES.

AYER'S PILLS—Are you Sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangement of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy cure of *Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.*

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

RETROUVEY'S TURKISH BANDOLENIAN HAIR TONIC. THE DRESSING AND RESTORER OF THE AGE. TURKISH BANDOLENIAN.

RETROUVEY'S TURKISH BANDOLENIAN. What can be more acceptable than anything that will beautify? that will restore nature's decay by stopping the hair from falling out, restoring its natural color, making it to grow in luxuriance and beauty, assist in putting it up according to the present style and fashion and keep it in place? This *Retrouvey's Turkish Bandolenian Hair Tonic* will do, and for proof we refer you to any person who has tried it. It is acknowledged to be the beautifier of the age, the only Hair Tonic and Restorer worthy of the name. In Turkey, in France, in England, in America—everywhere where the "Bandolenian" is known—it is pronounced the *ne plus ultra* of Hair Preparations. Remember, it is free from all metallic poisons that are contained in most Hair Colors and dressings. It is the extract of many flowers and herbs, beautifully put up, an ornament to the toilet.

FOR SALE—FOR RENT.

FOR SALE,

A SMALL FARM of 30 acres, situate in Baldwin township, Allegheny county, Pa., 5½ miles from the city, on the Brownsville road. The improvements are a large two-story Frame House, with 10 rooms, double parlor, wide hall running through the house; water at the door; a Bank Barn, 50 by 30 feet, and other out-buildings; a garden of excellent soil, containing one-half acre, planted with all kinds of dwarf fruit and vines; fruit of every kind; about 200 or 300 trees of best quality of grafted fruit. The soil of the whole farm is good. The very best of fencing; a beautiful lawn in front, planted with shrubbery and trees. For a country residence, it is not surpassed, and for a profitable investment, there is no question.

Also, the best Farm in Elizabeth township, containing about 100 acres, lying on the Monongahela river, immediately below Lock No. 3, on which is erected a large two-story Brick Dwelling House, one log and one Frame Bank Barn, corn-crib, wagon shed, brick spring house, granary, work shop, &c. About 50 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing condition; peach, pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. This property will be sold cheap and on good terms.

Also, a Farm of 117 acres, situate in Fallowfield township, Washington county, Pa., about 2 miles from the town of Bentleysville. The improvements are, first, a two story frame house with five rooms; second, a two-and-a-half story hewed log house; third, a No. 1 new barn, 60 by 40 feet; a good spring house, three large orchards of different fruit, apple, peach, pear, plum, quinces, cherry, &c.; 90 acres cleared; the remainder in good timber. The land is level and of the very best quality, and will be sold at a reduced price.

Also, a Farm of about 120 acres, in Fairfield township, Westmoreland Co., Pa. The improvements are a hewed log house, with kitchen attached, a log barn and a tenant house; a good apple orchard, peaches and cherries; about 80 acres cleared, the remainder in the very best white oak timber. The land is good. The location is very healthy. This property I will sell very cheap. Possession immediately.

Also, at gold prices, a Farm of about 143 acres in Fallowfield township, Washington Co., Pa., about one mile west of Lock No. 4, on the Monongahela river. The improvements are a two-story log and frame house; a frame barn, wagon shed and other out buildings; fencing generally good; a young orchard of apples and other fruit trees; 110 acres of coal of the best quality, and a vein of the best limestone; convenient to churches, schools, mills, &c. This property I am authorized to sell very cheap.

Also, a farm of about 200 acres, situated in West Wheatfield Township, Indiana county, Penna. The improvements are a good, comfortable, two-story Frame House, with 6 rooms, a large frame barn, carriage house, good corn crib, wash house, bake oven and a two-story stone spring house; about 150 acres cleared and in timothy and clover; a good orchard of apple, peach, pear and quince trees. The fencing is generally good. The land is of a good quality, abundance of limestone, and but a short distance from coal. This property will be sold very cheap.

Also, a Farm of about 240 acres adjoining the above. The improvements are a large two story Log House and a large frame barn; 175 acres cleared and under a good state of cultivation; a small apple orchard; a large two-story milk house. These two farms united would make a first-rate Stock Farm, or will be sold separately.

Also, the best farm in Fairfield township, Westmoreland county, Pa., containing 240 acres; about 6 miles south of the Pa. Railroad. The improvements are two large hewed log houses; one of the largest and best frame barns in the township; two apple orchards. The whole farm is under a high state of cultivation. The fencing is all No. 1. The land is of the very best limestone; about 200 acres cleared, the balance in good timber. Possession on the first day of April, 1866. This property will be sold at a great bargain. The owner wishes to engage in other business.

Also, a Farm of 150 acres, situate in McCandless township, Allegheny county, Pa., about 8 miles from the city. The improvements are a Log House, a good barn, a young orchard of apple, peach and pear. I will sell this valuable property very cheap and on easy terms.

MEDICAL.

GREENBACKS ARE GOOD, BUT ROBACK'S BITTERS ARE BETTER.

Roback's Stomach Bitters

After years of experience and trial have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong and in all respects restore shattered and broken-down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

ROBACK'S BLOOD PILLS CURE SICK HEADACHE! Costiveness. *And All Diseases of the Bowels.*

DR. ROBACK'S Blood Pills, Blood Pills, AND BLOOD PURIFIER ARE UNEQUALED FOR CURING **Scrofula, Syphilis, Skin Disease, Old Sores, Salt Rheum, Dyspepsia or Indigestion, Sick Headache, Liver Complaint, Rheumatism, FEVER AND AGUE, St. Anthony's Fire, FEMALE COMPLAINTS.**

GREENBACKS ARE GOOD, BUT

It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent, and the best stomachic known to the world.

ROBACK'S BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.

In the bilious districts of the West and South there has, for a long time, been much needed, an article of stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventive of **Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and Are Better** a preventive for bilious derangement, regulating the system, and giving tone to the digestive organs, than any other known remedy.

Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly on hand the BITTERS, as a safeguard against epidemic and maladies engendered by miasma and poison water.

Travelers to and all residents of, the rank bottoms of the west and south, and the valley Mississippi and its tributaries, should provide themselves with the **BITTERS.**

PRINCE, WALTON & CO., Successors to Dr. C. W. Roback, **SOLE PROPRIETORS.** To whom all orders should be addressed. **Nos. 56, 58, 60 and 62 EAST THIRD STREET, CINCINNATI, O.** ap30:d&wly

FINANCE AND TRADE.

FRIDAY, April 20, 1866.

Gold has undergone but little change for a day or two, fluctuating between 125½ and 126¼. Government bonds firm but unchanged; 1881's, 105¾; 5-20's, 104⅜@104½; 10-40's, 93¼; 7-30's, 101½. Cleveland & Pittsburgh Railroad stock, 89¼. Pittsburgh & Fort Wayne, 91½. In our local stock market, there is but little doing, and local stocks are moving very slowly.

—The Chicago papers have not yet got through with A. C. Badger & Co. The *Tribune*, of Thursday, says:

The case of A. C. Badger & Co, and their connection with the B. H. Badger fraud, has again become the chief topic of conversation in financial circles. For a week past very little has been said about it, and the public mind had cooled down on the subject till the whole affair was revived yesterday afternoon at the meeting of the Clearing House Association. The full report of said meeting has been digested by the readers of the TRIBUNE; but we are at a loss to see where the case of A. C. Badger & Co. has been improved by the delay that has taken place. On the contrary, we find that the refusal of that firm to submit the pecuniary question to the arbitrament of the members of the clearing house, (even after Mr. Blair and Mr. Ellis guaranteed that they would protect A. C. Badger & Co against any loss which that firm might sustain in consequence of suits being brought against the holders of outstanding checks) has damaged their case in the eyes of the public. The merchant on 'Change, who refuse to submit a disputed case to the arbitration of merchants, but prefers to take his case into the law courts, is generally supposed to have a lame case. But here a banker refuses to be guided by the experience and judgement of the oldest and ablest financiers in the west, and will submit nothing to arbitration but "honor," as if that could be upheld under the refusal to deliver up money which was fraudulently obtained.

—A proposition is before Congress to reduce the annual taxes about seventy-five millions of dollars. This the Government can afford, as its current receipts are far in excess of its expenditures, which last are capable of being largely reduced, and to this reduction the attention of Congress should be steadily devoted; for the maxim that a "penny saved is a penny gained" is as applicable to the affairs of a nation as to those of an individual. As a step in the direction of a reduction of expenses, the New York *Herald* suggests that the interest on the United States bonds deposited with the Treasury by the National Banks as a basis of circulation be reduced three per cent. This would possibly cause some wailing among those most nearly concerned, but the public would gain where only a few stockholders would lose.

—The Philadelphia *Ledger*, of April 14, says: Gold, yesterday, took an upward turn, closing fully 1 per cent higher than on the previous day, and was in active demand. It is believed that the short interest is still large, but the bears are indisposed to cover, in view of the disbursement of more than twenty millions in payment of the May coupons on the Five Twenty loan. Were it not that the majority of speculators have been for some time past operating for a fall, the premium would be higher than it is, and the recent perturbations of the market would have been avoided. The future of gold is one of the uncertainties of the market, and on which the wisest among us acknowledge themselves much at fault.

—The exports for the last week from the port of New York were over $6,000,000 in value, including 20,142 bales of cotton, which, with the demand for the New England mills, has made some impression on the heavy stock on hand. The stock at New Orleans is reported below 150,000 bales, though the arrivals continue quite considerable for the advanced state of the season.

—The Titusville *Herald* thinks there is some probability that the Crawford County Bank, that recently went under with the Culver, Penn & Co. failure, will resume business; but the few figures given as to its condition do not look much that way.

—The falling off in receipts of the Pittsburgh Fort Wayne and Chicago Railroad, during the month of March, as compared with same time last year, is $203,193, and since the 1st of January, $541,645.

Finance and Trade in New York.

STOCKS AND MONEY.

NEW YORK, April 20.—Gold fluctuating, and closed at 127¼.

Money continues easy. At the one o'clock open board there was great excitement on Erie, and the sales were over 7,500 shares, at 73@73¼. After the board, Fort Wayne suddenly took an upward start and became the great feature. The stock rose rapidly from 93¾ to 96½. At the last board the market was again in the ascendant, and still higher prices were made. The advance was general, but most marked in Fort Wayne. This stock is in the hands of a clique, and the bears are likely to be further squeezed before the movement culminates. The market is fast getting over the "cholera," and there is an increasing disposition to speculate for a rise.

At the 4 o'clock open board the following were the principal sales: Quicksilver, 53½; New York Central, 92¼; Erie, 73¼; Michigan Southern, 81½; Chicago and North Western, 29¾; Cleveland and Pittsburgh, 89½; Chicago and Rock Island, ex-dividend, 125; Chicago and North Western preferred, 57¾; Pittsburgh, Fort Wayne and Chicago, 97¼.

The speculative feeling in the breadstuff market is rapidly dying out, and prices are steadily approaching the quotations current before the rise set in. Flour declined to-day 10@25c per bbl, and Wheat 3@5c per bush. Petroleum and Mining stocks dull. Sales: Benehoff, 11.50; United States, 950; Downieville, 37; Quartz Hill, 360; Texas, 40; Smith and Farmlee, 346.

DRY GOODS.

The following is the report from the New York Dry Goods Exchange, jobbers prices:

The market to-day was quiet and without any particular change in prices. Bleached goods are quite firm. Prints hold their own. Brown goods are steady, and buyers are not purchasing very largely. Prints—Allen, 18; Americans, 18½; Amoskeag, 17; Arnolds, 15; Cocheco, 21; Dunnells, 18; Freeman, 15; Garner & Co., 20; Hamilton, 19; London Mourning, 16½; Lancaster, 18; Merrimack D, 21; Merrimack W, 22; Pacific, 19; Richmonds, 18; Sprague's Frocks, 21; Sprague's Fancy, 20; Victory, 16; Wamsutta, 14½. Crown Boulevard train per dozen hoops, $1@1 20; Thomson's crown woven Zephyr, 55c; Bradley's Duplex Elliptic, 87½@1,05; Bradley's Empress trail, $1,25; Kelley Manufacturing Company, No. 200, trail 45@65c; do. 250, trail 50@70c; Myer's L. M. L., wide tapes, 68@1,12; do. narrow tapes, 48@73. Cambrics—Manville, 16c; Portland, 12½; Victory, 15; Washington, 18. Paper Cambrics—English, 17@20c; S. S. & Son, 20c; Warren, 20. Cottonades—Farmers & Mechanic's, 55c; New York Mills, 65; Plow, Loom and Anvil, 50; Richmond, 50. Brown Sheetings—Amoskeag, B, 25c; Atlantic, A, 25c; D, 22; E, 22; G, 20; H, 22. Augusta, 14, 22; do. 30; Michigan, 17; Bedford, 10; Boot H, 17; O, 21; S, 24. Bleached Shirtings—Androscoggin, 30½c; Bartlett, 36-inch, 31; do. 33-inch, 24; do. 30-inch, 22½; Ballou & Son, 36-inch, 28; do. 33-inch, 22; Forrest Dale, 34; Home, 30.

Wheat in Store in Minnesota.

The St. Paul Press estimates the wheat, and flour reduced to wheat, in store in the State, and awaiting shipment, as follows:

	Bushels Wheat.	Bbls. Flour.	Total *Wheat.
Wabashaw	—	—	103,200
Red Wing	—	—	434,000
Hastings	380,000	8,500	422,500
Minnesota Central	112,000	36,000	292,000
Minnesota Valley	—	—	445,000
Total at these points			1,696,700

*Including flour reduced to wheat.

We estimate that Winona, Rochester and Lake City, and other points, will add 1,300,000 bushels in store awaiting shipment at points of deportion on the rivers or railroads. How much more is yet held back by farmers, we have no means of knowing.

Chicago Cattle Market.

CHICAGO, April 19.—The receipts of beef cattle to-day are 109 cars. Entered sales, 1,228 head, at prices ranging from $4,30@4,85 for common; $5,25@5,70 for medium to fair packing steers, and at from $6,75@7,25 for good to best grades. The market under the large receipts is quiet, at yesterday's quotations. Eastern buyers are purchasing sparingly, and, judging from the liberal offerings, sellers will have to submit to a reduction of from 15@25c per 100 lbs before many more sales can be effected. The pens are quite full, and further supplies are en route.

New York Seed Market.

NEW YORK, April 18.—Clover is quiet but firm, 3@400 bags have been sold, in lots, at 9¾@12c for western and state. Timothy is only in moderate demand, with sales of 200 bags at $5,25@5,50. Flax remains dull at previous rates. In Calcutta there is a little more business, and 150 bbls Sicily have been taken on private terms. There has been a considerable movement in Linseed, and prices are materially higher, $2,40 gold having been paid, and $2,50 asked for parcels to arrive—the stock is being rapidly taken up without corresponding shipments.

Chicago Lumber Market.

CHICAGO, April 18.—The arrivals are still light, and there is no change to note in the tone of the market. Shingles continue in active demand and firm. Sales were: Cargo schr Two Brothers, from Kalamazoo, 200 m sawed A shingles at $5; cargo schr Driver, from Grand River, 110 m fair mixed at $14; cargo schr Woolner, from Holland, 40 m scantling and joists at $13,75; cargo schr Scoville, from Grand River, 90 m culled at $12; cargo schr Dawn, from Grand River, 50 m culls at $5.

Lumber at Cincinnati.

CINCINNATI, April 18.—The spring lumber trade has fairly opened, the first large sale of the season having been made from the river to-day, consisting of 1,000,000 feet, which was purchased at $30 per M as it runs. This is more than dealers expected to pay, and many of them are still holding off for lower figures, but holders are firm in their views. The arrivals thus far are only moderate, and it is believed the run of the season will not be more than equal to the wants of the trade.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, April 20, 1866.

The rather unfavorable character of the advices both from the east and west yesterday, had a tendency to allay somewhat the excitement which prevailed in Flour and Grain, but as stocks are very light, holders are very firm and refuse to sell unless they can realize extreme prices. Groceries quiet but steady, with a fair jobbing demand, and the same remarks will apply to Provisions. In other articles, there has been no change worthy of special notice.

ASHES—Pearl Ash firm and in demand at 12 cents, and the stock is light. Soda Ash is quiet but steady at 5½c for common, and 7 for Refined.

GRAIN—Wheat is firm but unchanged; sale of 1 car Club at $1,90, and 1 car Red Winter at $2,15. Oats firm and scarce; sale of two cars, to arrive, at 50; and small sales from store at 53@55. Corn is in light supply and firm at 70 to 75 from store. Barley is firmer and in demand. Rye unchanged and quiet.

FLOUR—There is a continued fair local demand but the market is less excited, and quite a number of dealers entertain the opinion that there will be a reaction soon and lower prices. We continue to quote from store at $9,50@9,75 for Spring Wheat; $10@10,50 for half Spring and half Winter; and $10,50@11,00 for Winter Wheat. Rye Flour is selling at $5@5,50.

PROVISIONS—Bacon is quiet and unchanged at 13 for Shoulders; 15@15½ for Ribbed Sides; and 20@21 for Sugar Cured Hams. Lard is firmer, and held at a slight advance—18@19½. Mess Pork is dull and nominal at $27,50@28 per barrel.

POTATOES—There is no falling off in the arrivals as yet, and notwithstanding the supply is largely in excess of the demand, prices have, as yet, undergone but little change. We can report sales from store at $1,15 to $1,25 per bush, and $3½@3¾ per bbl. On track, we can report a sale of 1 car at $1 per bush.

BUTTER—Is quiet and unchanged. Small sales of prime to choice fresh Roll at 45@47.

EGGS—In better supply and drooping—sales reported at 20@23.

CHEESE—There is an improved demand for Goshen, and the market is steady at 24@25.

DRIED FRUIT—Sale of 18 bbls Peaches—quarters and halves—at 18, 20 bbls halves at 20; 10 bbls Apples at 13½@14, and 25 bbls choice, in lots, at 15.

PIG LEAD—Sale of 250 pigs at 9½.

HAY—Is in good demand higher; sales of 10 loads from scales to-day at $23 to $30 per ton, as to quality.

SEEDS—Cloverseed is dull, with small sales at $5½. No Timothy in market. Flaxseed is in demand at $2¼.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, April 20, 1866.

CRUDE—The market for Crude continues quiet, and, under the influence of pretty large arrivals, rules weak, though there is no change to make in quotations—13@13½ bbls returned, and 18@18½ bbls included. Sale of 600 bbls at 18; 500 at 18¼; 700, in bulk, at 13½; 71 bbls "Smith's Ferry" oil at 12½, and 200 bbls 36 gravity at 14. As already stated, the receipts were unusually large to-day, but as the river is getting low, it is but reasonable to infer that the arrivals will soon fall off again. We have no advices from Oil City to-day, but a letter, under date of Thursday quotes the market firm at $4,10 to $4,30 per bbl, according to gravity.

REFINED—Market for bonded oil is quiet but steady, while prices have undergone no quotable change. Sale of 500 bbls for immediate delivery, in Philadelphia, at 40, and 1000 bbls for May at 40. The most noticeable feature is the fact that oil for immediate delivery seems to be worth as much as May delivery, as less than a week since, there was a difference of fully two cents. This may be owing to Philadelphia buyers being forced to buy in order to cover "short" contracts. Free oil is quiet and unchanged.

ARRIVALS—The arrivals of Crude by the Allegheny River since our last report, were as follows:

Fisher & Bro	2864	D. Bushnell	3600
Jas. Mawhinney	1800	Jas. Wilkins	565
R. D. Cochran	1350	W. P. Logan	530
Jas. McKee	192	Jas. Baxter	160
Brewer & Burke	15

RIVER NEWS.

ARRIVALS.

Grey Eagle, Gordon, Parkersburg.

DEPARTURES.

Leni Leoti, Hamilton, Parkersburg.
Echo, Gordon, Emlenton.
Revenue, Kerr, Portsmouth.
Nile, Marratta, Missouri River.

BOATS LEAVING TO-DAY.

Glasgow, Johnston, Cincinnati.

RIVER, WEATHER, ETC.

The river is again receding slowly at this point, with scant seven feet in the channel by the Allegheny marks last evening. Telegrams from Oil City report twenty-seven inches and falling. The weather yesterday was cloudy and sultry, with strong premonitions of rain.

There has not been a single transient arrival since our last report. The Leni Leoti, from Parkersburg, and the Julia, from Zanesville, arrived during Thursday night, and the Grey Eagle, from Parkersburg, is due here this morning. The Revenue left for Portsmouth last evening, as did also, the Echo for Emlenton. The Nile, it was expected, would leave for the Missouri River after midnight, though it is possible she might have laid over until day-light this morning.

Capt. Barne's new boat, the Elkhorn, it is said, will leave for the Missouri River to-day, with a cargo of railroad iron. This boat was built under the superintendence of Capt. A. Jacobs for the "Union Pacific Railroad Company." The "Elkhorn" was built as a transportation boat for the Company, as above referred to, on the Missouri River, and she is admirably adapted for that purpose. She was loaded by S. Harbaugh & Co., of this city, her cargo consisting of railroad iron, spikes, chains, etc., etc.

The tow-boat Dolphin left here on Thursday April 12th, with seven barges of coal in tow. She stuck five of the barges on "White's Dam" sunk one, and subsequently got the barges aground off, landing them opposite Sewickley. She started again on Tuesday, the 17th, and sunk two more barges on the rocks below "Deadman." The barge sunk at White's Dam belonged to T. W. Briggs, and of the two sunk at Deadman, one belonged to A. J. Baker & Co., of this city, and the other to Bowser & Co., of Louisville.

The Columbia arrived at St. Louis, on Wednesday last, and passed on up for St. Paul. The Citizen is loading at St. Louis for Pittsburgh.

Passengers and shippers should bear in mind that the Glasgow, in command of Capt. Geo. W. Johnston, leaves for Cincinnati and Louisville this evening without fail. She will be followed next week by the Kate Putnam, Capt. Clarke.

The Delaware, Capt. Harton, is filling up steadily for St. Louis and the Upper Mississippi, and will soon be ready to take her departure.

The St. Louis *Dispatch*, of Wednesday, says:

The *Republican* of this morning takes up the matter of pilots' wages which we have been hammering at for some time, but we regret to see it make the statement that a second clerk is in equally as responsible a situation peculiarly on a steamboat as a pilot. That is simply absurd from the fact that a pilot has often in his sole charge the responsibility of a boat and cargo valued at two or three hundred thousand dollars, while a second clerk's position has no responsibility, whatever, beyond the receiving and discharging of freight which, however careless he might be, could not result in a loss exceeding a few hundred dollars. We have never contended that a pilot should receive less than $250 or $300 a month, which amount will be perfectly satisfactory to a majority of the boat owners. It is the enormous sum of seven or eight hundred dollars a month that pinches, especially in the present stagnation of all kinds of river business.

SALE OF MONITORS.—A new Orleans correspondent of the Boston *Herald* says three river monitors belonging to the United States, lying at New Orleans, were lately sold at auction and were purchased by General Herron, formerly of the Federal army, but now a private citizen. They are all in good order, but brought only $22,000, although one of them cost $600,000. It is hinted that they may be turned over by Gen. Herron to the Liberals in Mexico, and that not many days may elapse before they may be thundering away on the Mexican coast.

LETTER LIST.

LIST OF UNCLAIMED LETTERS remaining in the Post Office at Allegheny City, Pa., SATURDAY, APRIL 21, 1866.

To obtain any of these letters, the applicant must call for "*Advertised Letters*," giving the date of this list and pay ONE CENT for advertising.

If not called for within one month they will be sent to the Dead Letter Office.

FREE DELIVERY of letters by carriers at the residences of owners, may be secured by observing the following rules:

1. DIRECT letters plainly to the street and number, as well as the Post Office and State.

2. HEAD letters with the writer's *Post office and State, street and number*, sign them plainly with full name, and request that answers be directed accordingly.

3. Letters to strangers or transient visitors in a town or city, whose special address may be unknown, should be marked on the lower left hand corner, with the word "Transient."

4. PLACE the postage stamp on the upper right hand corner, and leave space between the stamp and direction for postmarking without interfering with the writing.

N. B.—A REQUEST for the RETURN of a letter to the writer, if unclaimed within THIRTY DAYS or less, written or printed with the writer's name, *Post Office, and State*, across the left-hand end of the envelope, on the face side, will be complied with at the usual prepaid rate of postage, payable when the letter is delivered to the writer.—Sec. 28, *Law of 1863*.

ORDINANCES.

AN ORDINANCE to authorize the Re-grading and Re-paving of Lacock street.

SECTION 1. *Be it ordained and enacted by the Select and Common Councils of the City of Allegheny, and it is hereby enacted by the authority of the same,* That the Committee on Streets be, and they are hereby authorized and directed to invite and receive proposals for the Re-grading and Re-paving of Lacock Street for two hundred feet, more or less, West from Voegtly street, and to contract therefor with the lowest and best bidder or bidders, at their discretion.

SEC. 2. That for the purpose of defraying the cost and expenses of the said improvements, there be, and is hereby levied, a special tax, to be equally assessed upon the several lots bounding and abutting upon the said street, respectively, in proportion to the feet front in them respectively comprised, and bounding and abutting as aforesaid.

SEC. 3. That as soon as the cost and expenses of said improvements shall be fully ascertained, it shall be the duty of the Street Commissioner to assess and apportion the same among the several lots bounding and abutting upon said street, respectively, according to the rule above indicated, and thereupon proceed to make demand and collect the same, according to the provisions of the Act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An Act defining the manner of collecting the expenses of grading and paving of the streets and alleys of the City of Allegheny, and for other purposes," passed the 30th day of March, 1852.

SEC. 4. That so much of any ordinance as may conflict with, or be supplied by the foregoing, be, and the same is hereby repealed.

Ordained and enacted into a law, this the 12th day of April, A. D., one thousand eight hundred and sixty six.
